Study Text hypothesis testing.

Business Math Essentials is intended for use in business math and basic math courses. I believe the study of business math should be enjoyable and the skills learned should be of immediate practical value. Further, the language of business math should be clear, concise, and accessible. To attain these goals, the contents and structure of Business Math Essentials show clarity and purpose, from the first page to the last. All of the features in the text have been evaluated and recommended by instructors with years of teaching experience.
